

# Technical Resources

This section is about what resources you can access.

- [What does open, project and no access mean?](#)
- [What technical resources can CCI students access at UAL?](#)
- [Who can access CCI technical resources?](#)
- [What kit can I borrow?](#)

# What does open, project and no access mean?

There are 3 modes of access across the technical resources:

## Open Access

You can walk in and access this during the opening hours inside of [UAL Term Time](#). You may need a safety induction. If you are unsure, please ask a technician.

## Project Access

You can request access on a per person, per project basis, and subject to approval by the technicians who manage that resource, you may be able to use it.

To request access to these resources, please email [cci.technical@arts.ac.uk](mailto:cci.technical@arts.ac.uk) and copy your course leader or supervisor, telling us:

- What is your project about?
- What facilities do you need access to?
- In what way is this facility relevant to your study?
- How much time do you think this might take?
- Do you know how to use the equipment, or will you need help?

## No Access

You have no access to this technical resource.

# What technical resources can CCI students access at UAL?

UAL has a wide range of technical resources built to serve the learning outcomes of the courses in each college, to ensure these resources are available to the students who need it those resources are restricted to certain courses.

- **Project Access** - The resource may be accessed by emailing [cci.technical@arts.ac.uk](mailto:cci.technical@arts.ac.uk) with a rationale.
- **No Access** - This means this resource is no to this resource.
- **Normal year 2 access** - This means you should be able to continue using the same home college resources as you did in year 2.

## Access to Home College Resources

Access to home college resources is at the discretion of your home college technical team, please get in touch with your college technical team if you have access problems, or contact [cci.technical@arts.ac.uk](mailto:cci.technical@arts.ac.uk) for support.

		Technical Resources							
		CCI	Camber well	Chelsea	Wimble don	LCC	LCF	CSM	
<b>CCI PhD students</b>		<a href="#">See CCI resource s grid</a>	Project Access						
<b>CCI UG and PG student s</b>	<a href="#">South London</a>		Project Access	No Access					
	<a href="#">Central London</a>		No Access						
<b>UAL Diploma student s</b>	Camber well		Normal year 2 access	No Access					
	Chelsea	No Access	Normal year 2 access	No Access					
	Wimble don	No Access		Normal year 2 access	No Access				
	LCC	No Access			Normal year 2 access	No Access			

		Technical Resources						
		CCI	Camber well	Chelsea	Wimble don	LCC	LCF	CSM
LCF	No Access				Normal year 2 access	No Access		
CSM	No Access					Normal year 2 access		

# Who can access CCI technical resources?

The following grid gives a detailed visual breakdown of which CCI technical resources are available and to who:

- **Open Access** – The resource can be accessed when it is open.
- **Limited Open Access** – Open access only to specified area/users.
- **Scheduled Access** – This resource is only available during the scheduled time when supported by CCW technical.
- **Project Access** – The resource may be accessed by emailing [cci.technical@arts.ac.uk](mailto:cci.technical@arts.ac.uk) with a rationale.
- **No Access** – This means this resource is no to this resource.

## CCI Wide

CCI Wide resources are generally only available to current CCI students, staff or fellows, with the following exceptions:

- Technical Skills workshops are available to Final Year Diploma and Computational Arts students.
- Equipment loans are available to Final Year Diploma students.
- The Peckham Road Kitchen is open to Final Year Diploma students.
- The Greencoat Conservatory is open to Final Year Diploma students and UAL Incubator tenants based at Greencoat.
- Specialist equipment loans are available to other UAL PhD students per project.
- Room booking is only for staff & fellows; current students can request rooms per project.

	Creative Computing Institute		Camberwell, Chelsea and Wimbledon				UAL		Public inc. alumni
	Current students, staff and fellows	Final year Diploma students	Computational Arts students	UAL Incubator	Camberwell PG design students	Other Camberwell students	PhD students and other staff	Other UG and PG students	
<b>Room Booking</b>	Project Access	No Access							
<b>Technical Skills Workshops</b>	Open Access			No Access					
<b>Laptop Lockers</b>	Open Access	No Access							

	Creative Computing Institute		Camberwell, Chelsea and Wimbledon				UAL		Public inc. alumni
	Current students, staff and fellows	Final year Diploma students	Computational Arts students	UAL Incubator	Camberwell PG design students	Other Camberwell students	PhD students and other staff	Other UG and PG students	
<b>Equipment Loan</b>	Open Access		No Access				Project Access	No Access	
<b>Kitchens &amp; PCs</b>	Open Access	South London only	No Access	Greencoat only	No Access				

## Peckham Road

Peckham Road resources are open to all current students, staff, fellows and Final Year Diploma students, with the following exceptions:

- Final Year Diploma students cannot use the laser cutter or 3D printers as larger alternative resources are available in their home colleges.
- Computational Arts students are permitted access to the Electronics and Textiles areas until the end of the 24/25 academic year.
- Camberwell students may request access to CCI Peckham Road resources from their technical managers.
- The CCI Laser Cutter is scheduled for Camberwell PG Design students on Thursday afternoons through your local technician.
- The CCI Textiles Area is open to Camberwell PG Design students.
- The Electronics and Textiles areas are available to other UAL PhD students on a per project basis.

	Creative Computing Institute		Camberwell, Chelsea and Wimbledon				UAL		Public inc. alumni
	Current students, staff and fellows	Final year Diploma students	Computational Arts students	UAL Incubator	Camberwell PG design students	Other Camberwell students	PhD students and other staff	Other UG and PG students	
<b>Electronics</b>	Open Access			No Access	Project Access			No Access	
<b>Textiles Area</b>	Open Access			No Access	Project Access			No Access	
<b>Laser Cutter</b>	Open Access	No Access			Scheduled Access	No Access			

	Creative Computing Institute		Camberwell, Chelsea and Wimbledon				UAL		Public inc. alumni
	Current students, staff and fellows	Final year Diploma students	Computational Arts students	UAL Incubator	Camberwell PG design students	Other Camberwell students	PhD students and other staff	Other UG and PG students	
<b>3D Printing</b>	Open Access	No Access							

## Greencoat Building

Greencoat Building resources are open to all current students, staff, fellows and Final Year Diploma students, with the following exceptions:

- Final Year Diploma students cannot use the Prototyping Lab (akin to a 3D workshop) as larger alternative resources are available in their home colleges.
- Camberwell students may request access to CCI Peckham Road resources from their technical managers.
- The Dark Lab and Robotics Lab are available to other UAL PhD students on a per project basis.
- The resources in this building are open to UAL Incubator tenants in this building.

	Creative Computing Institute		Camberwell, Chelsea and Wimbledon				UAL		Public inc. alumni
	Current students, staff and fellows	Final year Diploma students	Computational Arts students	UAL Incubator	Camberwell PG design students	Other Camberwell students	PhD students and other staff	Other UG and PG students	
<b>Dark Lab</b>	Open Access		Project Access	Open Access	Project Access		No Access		
<b>Robotics Lab</b>	Open Access		Project Access	Open Access	Project Access		No Access		
<b>Prototyping Lab</b>	Open Access	No Access		Open Access	No Access				

## High Holborn

High Holborn resources are open to all current students, staff and fellows, with the following exceptions:

- Cyber Security Lab (Aporto) is only available to MSc Computer Science students.

- Nerve Lab is a staff research lab; it is available to CCI PG and PhD students per project through their Thesis or PhD supervisor.
- The AI & Computing Lab is available to other UAL PhD students per project.

	Creative Computing Institute		Camberwell, Chelsea and Wimbledon				UAL		Public inc. alumni
	Current students, staff and fellows	Final year Diploma students	Computational Arts students	UAL Incubator	Camberwell PG design students	Other Camberwell students	PhD students and other staff	Other UG and PG students	
<b>AI &amp; Computing Lab</b>	Open Access	No Access					Project Access	No Access	
<b>Cyber Security Lab</b>	MSc Computer Science only	No Access							
<b>Nerve Lab</b>	Project Access	No Access					Project Access	No Access	

# What kit can I borrow?

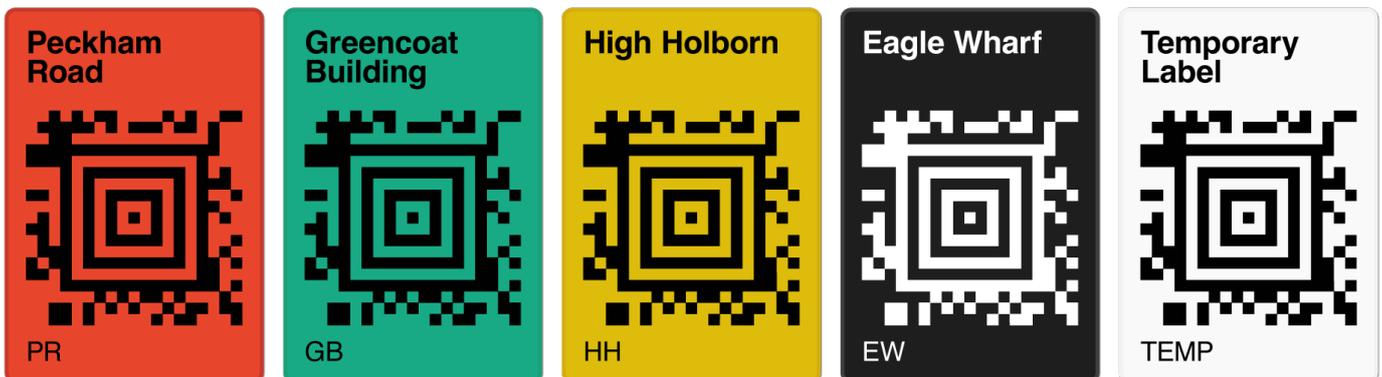

An extensive array of equipment is available in addition to [the fixed equipment listed here](#).

Please bear in mind that the way technical services operate is as a collaboration; we're not just a kit room; we expect you to come to us early in your project life cycle and work with our team to validate the need for the equipment.

If you have suggestions for new products we should get, please email [cci.technical@arts.ac.uk](mailto:cci.technical@arts.ac.uk), and we'll consider it.

You are responsible for looking after and returning the equipment before you finish your course. The equipment must be returned to the correct building. We use a colour code on the labels to help everyone remember which item goes in which building.

- Red background: Peckham Road
- Green background: Greencoat Building
- Yellow background: High Holborn
- Black background: Eagle Wharf
- White background: Temporary labels

[View the full catalogue](#) - This is only visible from UAL-WiFi on campus or via the Staff VPN.

## **Important:**

While this equipment is available to all students to use, we don't usually loan single items over £100 for off-site use due to insurance issues.

## Kit List

*This list was updated on 12/11/2024.*

- 1.5A 5VDC Plugtop Power Supply

- [10W Stereo Amplifier Kit w/o Speakers](#)
- 12V 2A 24W DC Power Supply
- [12V Linear Solenoid](#)
- [12V NeoPixel Strip of 21](#)
- 2 Relay breakout
- [2.0" 320x240 Color IPS TFT Display with microSD Card Breakout](#)
- 24VDC 1A 24W
- [28BYJ-48 - 5V Stepper Motor](#)
- 36W Volt Adjustable Multi Output
- [3pi+ 32U4 OLED Robot](#)
- 5V 4AMP DC Power Supply
- 5V Power Adapter
- [6-12V R385 DC Diaphragm Pump](#)
- [64x32 RGB LED Matrix - 4mm pitch](#)
- [6V Air Valve](#)
- 6x Arcade buttons
- 9V Power Adapter
- [AC/DC Adapter 12V 2A](#)
- [AC/DC Adapter 9V 2.5A](#)
- [ADXL343 Accelerometer](#)
- AGPTEK Lavalier Microphone
- AGPTEK Media Player
- [ASUS ZenScreen Go MB16AHP](#)
- [AXA HR Traction Bike Dynamo](#)
- [Adafruit 2.8" TFT LCD Display](#)
- [Adafruit BNO055 Absolute Orientation Sensor](#)
- [Adafruit Bicolor LED Square Pixel Matrix with I2C Backpack](#)
- [Adafruit CRICKIT Robot and Chassis Kit](#)
- Adafruit DS3231 Precision RTC
- [Adafruit Data Logging Shield](#)
- Adafruit FLORA Wearable Electronics
- Adafruit Feather M0 Adalogger
- Adafruit Joystick Module
- [Adafruit MPR 121 Capacitive Touch Sensor](#)
- [Adafruit Matrix Portal - CircuitPython Powered Internet Display](#)
- [Adafruit NeoPixel Ring](#)
- [Adafruit PCA9685 16-Channel Servo Driver](#)
- [Adafruit RGB Matrix Shield for Arduino](#)

- [Adafruit Software Defined Radio](#)
- [Adafruit Stereo FM Transmitter](#)
- [Adafruit Thumb Joystick](#)
- [Adafruit WINC1500 WiFi Shield for Arduino](#)
- [Adafruit nRF52840 Feather](#)
- [Adafruit white 7-segment display w/backpack \(HT16K33\)](#)
- [Adafruit white alpha display w/backpack \(HT16K33\)](#)
- Adept 5-DOF Robot arm kit
- [Air Pump and Vacuum DC Motor - 4.5 V and 2.5 LPM](#)
- [Altitude / Air Pressure Sensor MPL3115A](#)
- Analog DC Current Sensor Breakout - 60V 5A Max
- [Analog pH Sensor / Meter Kit](#)
- [Anker PowerConf S500](#)
- [Anker PowerCore 20100 20000mAh Battery Pack](#)
- [Anker PowerCore Essential](#)
- [Ape Labs W-APP wireless Transceiver](#)
- [Apple 85W MagSafe 2 Power Adapter](#)
- [Apple 85W MagSafe Power Adapter](#)
- Apple Lightning to 3.5 mm Headphone Jack Adapter
- [Arduino BLE Sense](#)
