

What kit can I borrow?

We continuously invest in more new equipment for students to borrow, from electronic components to projectors, robots to game controllers, and more.

Equipment Return

You are responsible for looking after and returning the equipment before you finish your course. The equipment must be returned to the correct building. We use a colour code on the labels to help everyone remember which item goes in which building.

- Red background: Peckham Road
- Green background: Greencoat Building
- Yellow background: High Holborn
- Black background: Eagle Wharf
- White background: Temporary labels

Suggestions

If you have suggestions for new products we should get, please email cci.technical@arts.ac.uk, and we'll consider it.

Catalogue

We currently operate 3 different systems/catalogues:

Laptop Lockers (ONARKEN / Lapsafe)

We offer laptop loans for use on-site only, [more details are here.](#)

Kit Room (ORB / Online Resource Booking)

All high-value equipment, such as projectors, cameras, and other electrical items, is now moving into [the Kit Room](#) at the Greencoat Building.

[You can view the catalogue on ORB.](#)

Physical Computing Components & High Holborn (Checkout)

Physical Computing and Robotics components need a bit more attention to detail, so we store these in our own custom-built system called Checkout. [you can find details of what's available here.](#)

Additionally, as there is no easy access to the Kit Room at High Holborn we provide a smaller catalogue of items through Checkout too, [details of which are on the same page here.](#)
