Powering an Arduino

Here is some resources about powering Arduino or other electronic projects:

General

- How to power an Arduino
- How to power a project
- What adapter?

Portable / Battery powered

For portable projects some info on battery usage.

- http://www.instructables.com/id/Powering-Arduino-with-a-Battery/
- https://learn.adafruit.com/all-about-batteries/overview
- https://www.open-electronics.org/the-power-of-arduino-this-unknown/

9V batteries are bad
