

Lab Rules

Lab Layout

Lab Rules

1. **The lab is open from 9:30 - 12:30 and 13:30 - 16:30, Monday to Friday.**
2. **If you are looking to use any robotics equipment, it must be booked at least a day in advance. To book it, please contact Rohit Ramesh Thampy on Slack or Outlook during his work hours.**
3. **The robots and equipment in the lab are for indoor use only, therefore do not use them outdoors.**

4. **The only robot that students or staff can borrow and take home is the Adept Robot Arm Kit. The rest of the robots or robotic components can only be booked and used within the campus.**
5. **The UR5e and the Go1 requires an induction before you use it for the first time. If you are looking to use any of them and it is your first time, then make sure to book an induction by contacting Rohit Ramesh Thampy on slack or outlook.**
6. **The tools from the lab tool box should only be used within the lab and then returned. If you need to use some tools outside the lab, then a basic toolbox set is present within the consumables storage shelf in the lab.**
7. **No food or drinks are allowed while working with the UR5e or the electronics work bench however, you can have bottled water.**
8. **If you are unsure about conducting your work in the lab or have any questions, please contact Rohit Ramesh Thampy on Slack or Outlook.**
9. **Please remember to tidy up the equipment and your work area once you are finished or by the end of the day. Keeping the lab clean ensures a safe and pleasant environment for everyone.**
