

# Autumn 2024 Tech Skills Calendar

Welcome new students and welcome back returning ones! This term we are holding one tech skills workshop per week in South London (mostly Greencoat building and some at Peckham Road), and one every two weeks at High Holborn.

Do get in touch if you have questions about the program. As ever, no prerequisites and no signup needed! We do record these and put them on Moodle, but you can also ask us about the content.

## TECH SKILLS PROGRAMME AUTUMN 2024

**Oct 2nd, 2:30-4:30pm**
