Summer 2024 Programme

For summer 2024, we are alternating workshops between Peckham Road and High Holborn. As ever, if you have questions, send them to Agnes.

TECH SKILLS PROGRAMME SUMMER 2024

April 17th, 2-4pm, Peckham Road, PR_B501F
Debugging Code → Agnes + Lieven
How to fix broken Processing, JS and Python

April 24th, 2-4pm, High Holborn, HH_308
Finding and Using New AI Models → Ilia

May 1st, 2-6pm Peckham Road, PR_B501F
DIY Synthesisers → Dirty Electronics Ensemble
Make your own synth from scratch! Signup is required, link here → cci.to/dirty-electronics

May 8th, 2-4pm High Holborn, HH_302
Scrape it yourself! → Mayra
Data scraping for AI using Python

May 15th, 2-4pm Peckham Road, PR_B501F
Industrial Design 101 → Chris + Lexin
CCI's resident industrial designers give tips + techniques for improving your fabrication skills

May 22nd, 2-4pm, High Holborn, HH_G03
Make a game with Pygame → Ilia

**May 29th, Peckham Road, PR_B501F**
Working With Galleries → Pete, Lieven + Chris
How to work with artists and galleries to install technical work (very relevant for degree show!)

These workshops require *no prior experience* and are open to students and staff across all campuses. Unless specified, no signup is required, just turn up.
